PRESIDENT'S MESSAGE

Thanks to Diane Wilcox, Recreation Chairman, we had another great community picnic. The set up, the cooking and the clean up went so effortlessly, you could say it was almost easy. Thanks to all the volunteers.

Have you been down to the beach area since the picnic? Well, things are really changing down there. Based on the advice of Jim Burton – LLVCC's outstanding grounds keeper, the Board of Trustees approved expenditures for some great improvements. When you next go to the beach area you won't see the trees that were pushing up through the asphalt as they have been removed and the logs were donated to the Wood Bank in Belfair. And, you won't see the deteriorating logs that were used to create a divider between the parking and picnic areas.

What you will see –

- Construction of a two-foot high concrete brick divider in place of the logs.
- The paving of a walkway between the parking lot and the gazebo wide enough for wheel chairs and walkers.
- The installation of safety hand rails at the two sets of stairs leading from the road to the beach area.

These are just some of the ways that the community volunteers are helping to keep LakeLand Village clean, safe and fun. Hope you had a great summer. See you at the Christmas Party.

Jan Wright

Just a brief reminder that in order to maintain the beauty of Lakeland Village, please take the time to pull your weeds so that they don’t spread to neighboring yards. It is a good time to trim plants and yards and prepare for winter.

REMEMBER – NO BURNING IN LAKELAND VILLAGE – only small 3x3 ft. contained wood-only(no yard debris) campfires for heating food

The Beach Attendants have completed their employment for this year. They have done a great job and we are grateful for their presence at the lake all summer. Please help every one out and keep an eye on the playground and the beach area when you are out walking as both areas seem to be targets for vandalism at various times.
